Grounds For Play®

building better play environments

Playgrounds • Nature Products • Outdoor Classrooms • Shade • Surfacing • Site Furnishings • Shelters

Children are more than just little bodies.

They have developing minds, growing personalities, and impressionable spirits. That's why at Grounds For Play we seek to **encourage, inspire, and empower** children through play. Our mission is to design and build outdoor play environments for children of all ages **that are safe** and encourage social, emotional, language, cognitive, motor, and physical skill development.

Extras & Colors 109

We are very different and proud of it.

We are built on an understanding of **child development, play, and safety**, which is reflected in the equipment we manufacture and the play environments we design. Our understanding allows us to address comprehensive issues, age-specific needs, and create play environments that are **centered around your objectives**.

We maintain an extraordinary record of safety.

Our **commitment to safety** is reflected in each phase of our planning process — from our materials to our strategic 6' obstruction-free fall zones. All of our products **meet or exceed** standards set forth by the organizations below.

CPSC

We comply with the CPSC's Public Playground Safety Handbook

ASTM

GFP is a member of ASTM International

IPEMA™

GFP is a member of IPEMA™

U.S. Access Board

GFP adheres to the guidelines set forth by the Access Board

Check out the materials we use on the next page!

Playground Materials

At Grounds For Play, we only use **quality playground materials** — whether you're purchasing a musical instrument or a full structure. Manufactured at our west Georgia manufacturing facility, **our products are proudly made in the USA.** Our products are built to last and provide fun for years to come.

1

Rotationally-molded plastics have anti-static inhibitors.

Rotationally-molded plastics, such as those used for slides and tubes, are made of ⅜" thick low density polyethylene (LDPE). They are UV stabilized for reduced fading and also contain anti-static inhibitors.

2

Textured HDPE panels are strong and UV stabilized.

Our ¾" thick textured high density polyethylene (HDPE) is used for products such as our activity panels. With UV stabilization, we ensure your carefully selected color will remain bright and colorful for years to come. These panels are stain and graffiti resistant and will not splinter or crack.

3

Superdurable powder coat leaves your structure protected.

Grounds For Play's metals are coated with 3 mils of zinc-rich primer and 3 mils of Superdurable powder coat. These 6 mils protect your products from sun discoloration and salt (in coastal regions).

4

Fiberglass Reinforced Plastic posts are the thickest in the industry.

Our FRP posts are extruded from a composite resin material, feature rounded corners, and a .22" wall thickness. Our FRP posts contribute to the low-maintenance and rust-free nature of our equipment.

5

Low maintenance TREX® decks.

TREX® decking consists of recycled post-consumer plastic and recycled post-production or recovered wood fibers, providing an inviting natural wood look without the maintenance. Our decks, ramps, and bridges provides a child-friendly, low-maintenance, slip-resistant surface even when wet and, unlike most playground equipment, won't crack or peel.

6

We offer stainless steel hardware, so you won't worry about rust.

Ninety-nine percent of the hardware, we use is stainless steel, with less then 1% being corrosion-resistant coated steel. Our hardware is packaged individually and labeled, allowing for more efficient installation.

P.S. Our modular shades block harmful UV rays.

Our shade fabric blocks 91%–99% of harmful UV rays, depending upon the color you've chosen.
Our fabric is also flame retardant, with some of our color choices being California Fire Marshal certified.

Our Design Consultants are at your service.

Our Design Consultants are **Certified Playground Safety Inspectors** who are experts in child development, playground design, and safety. They understand that your play environment is an **extension of your curricula** and facility; thus, our nationwide team is responsible for understanding your needs, analyzing options, and designing the best solution.

We make it easy for you to buy and bid.

We know the difficulties of purchasing equipment, which is why we make it **easy to buy and bid** our products by having **contracts** with the following organizations. Find more on page 110.

NATIONALIPA™ BuyBoard® Cooperative Purchasing GSA

We support the major types of play.

1 Physical Play

Movement play, primarily found in physical play, helps to strengthen the body and develop gross motor skills. Physical play also allows for learning opportunities in adaptability, flexibility, and resilience.

2 Music & Art Play

When allowed to create, whether that be a musical piece or an art piece, children can access their playfulness, creativity, and innovative spirits. Music and art helps to develop a child's fine motor skills.

3 Dramatic Play

Dramatic play allows children to act out everyday scenes to make sense of their surroundings. Dramatic play also encourages communication, sharing, creativity, and emotional development.

4 Nature Play & the Outdoor Classroom

Nature play gives a child the opportunity to explore and understand nature, while the outdoor classroom allows children to explore math and science principles.

View our "Types of Play" products starting on page 22!

Site! Inspirations

Kiddie Academy

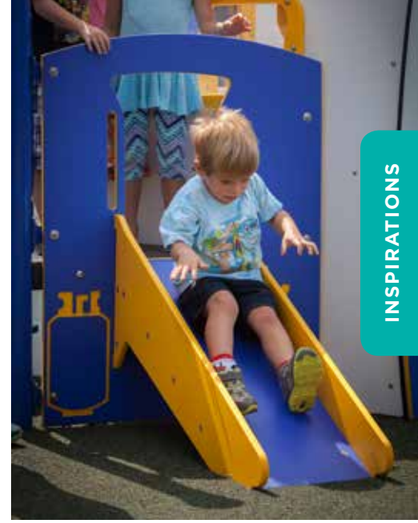
CORPORATE HEADQUARTERS

Located in Adingdon, Md., the Kiddie Academy Corporate Headquarters' outdoor play environment features ***essential play areas*** for children. A large ***infant and toddler*** space ***stimulates learning*** through panels and Infant Corner Boxes. For ***older children,*** the environment features plenty of outdoor activities including a steel structure, dramatic play element, such as our Polytone Playhouse and a trike track, a music and science area, and a soccer field with goal.

Turnstone's

KIMBROUGH EARLY LEARNING CENTER

Turnstone, located in Fort Wayne, Ind., provides therapeutic, educational, sport, and wellness programs to both adults and children with disabilities. Its on-site childcare facility, Kimbrough, caters to children of all abilities aged 2 to 12. We knew we could satisfy our client's needs by providing ***accessible, developmentally-, and age-appropriate play equipment***. By including a Sound Garden, a dramatic play area, a sand and water area, and a play structure, every child at Kimbrough has a place to ***play, explore, and develop.***



First Baptist

CHURCH LUBBOCK

With their new play environment, First Baptist Church Lubbock, located in Texas, sought to provide a place for children to continue to learn, develop, and grow within their faith-based organization. With ***their mission in mind,*** we designed an outdoor play environment that allows children to stretch their physical capabilities while in a nurturing environment. Ultimately, First Baptist Church Lubbock is a great example of how a Grounds For Play play environment is an ***extension of your organization's goals***.

Site! Inspirations

Naval Support Activity

SARATOGA SPRINGS

The Naval Support Activity's outdoor play environment ***encourages both social and physical development*** through their multiple play structures and surrounding dramatic play components. Featuring play pieces for all age groups, the environment includes two structures, a trike track with dramatic play support elements such as façades and playhouses, and an Infant Gazebo. Naval Support Activity is a great reference project for those with a ***large space*** and seeking beneficial play.

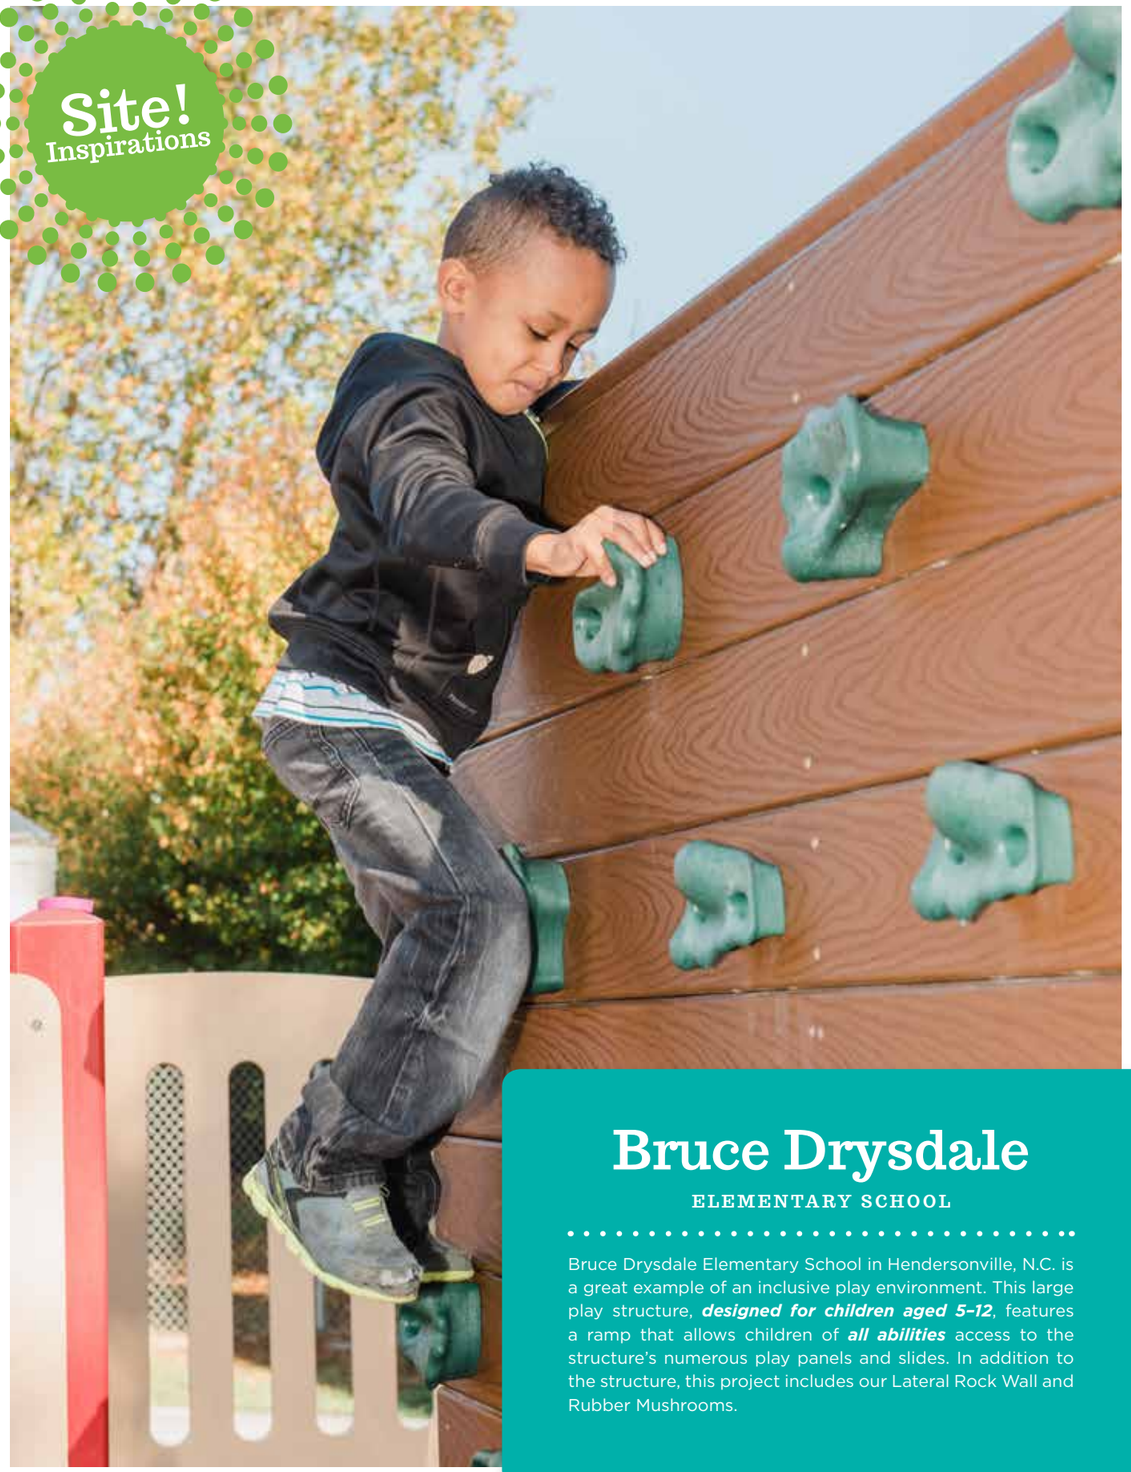
Site! Inspirations

The Goddard School

AT GAMBRILLS

The Goddard School's play environment is a great project that showcases Grounds For Play's ability to create play spaces ***that encourage learning.*** This large play environment features ***science, nature, art, dramatic, and music play***. Products include our Pizza Garden, Lady Bug Drum, Tri-Directional Trough System, Weather Station, and Art Easel among others. Children will never tire of the vast play opportunities offered in this carefully planned environment.

Site! Inspirations



Bruce Drysdale

ELEMENTARY SCHOOL

Bruce Drysdale Elementary School in Hendersonville, N.C. is a great example of an inclusive play environment. This large play structure, ***designed for children aged 5–12***, features a ramp that allows children of ***all abilities*** access to the structure's numerous play panels and slides. In addition to the structure, this project includes our Lateral Rock Wall and Rubber Mushrooms.

Types of Play

As supporters of the four major types of play — dramatic, nature and the outdoor classroom, music and art, and physical — we offer hundreds of products that reflect our belief. Explore this section to see how you can bring education outdoors.

Garden, Nature, and Manipulative Blocks

If play environments are the primary classrooms for young children, then loose parts are their best textbooks. The most important aspect of your outdoor learning environment, in our opinion, is the provision of safe and appropriate loose parts.

Did you know?

Our **diatonic** instruments produce music within the boundaries of a musical scale, while our **pentatonic** instruments are based on five tones.

MUSICAL PLAY

Musical Play

Children of all ages enjoy exploring sound and music. Our musical instruments promote listening, language, math, and science skills. Many instruments have roots in other cultures and can assist in multicultural studies.

Slides	**88**
Climbers	**89**
Overhead Ladders	**91**
Connectors	**93**
Panels	**94**
Roofs & Shade	**99**

Slides

Slides provide an exhilarating experience and are often the excitement that encourages children to climb. The variety of slides we offer give children of all ages appropriate sliding options.

Double Wall Slide

Available for 2′ to 5′ Deck Heights

Also Available:
Double Wide Slide

Triple Rail Slide

Available for 3′ to 5′ Deck Heights

90° Curve Slide

Available for 3′ and 4′ Deck Heights

Wave Slide

Available for 4′ to 6′ Deck Heights

Sectional Slide

Available for 3′ to 7′ Deck Heights
Available in Straight, Left, or Right

3′ and 4′ Option Only Available in Straight

360° Spiral Slide

Available for 6′ Deck Heights

Alpine Thunder Slide

Available for 6′ Deck Heights

Tube Slide

Zig-Zag: 4′ to 6′ Deck Heights
Straight: 2′ to 6′ Deck Heights

Double Bedway Slide

Available for infants/toddlers 0-23 mo.

Did you know?

Grounds For Play can create slides that are built utilizing the natural area, such as a small hill, within your play space.

Climbers

Keep children engaged longer by adding various climbers to your play structure.
Our unique climbers go above and beyond to engage various targeted muscle groups.

Over Under Climber

Available for 2′ to 6′ Deck Heights
Model: 11130

Pentagon Climber

Available for 3′ and 5′ Deck Heights
Model: 11225

Perceptual Motor Wall Climber

Available for 3′ to 5′ Deck Heights
Model: 11112TT

Also Available:
Angeled Wall for Preschool Children

Rock Wall Climber

Available for 3′ to 6′ Deck Heights
Model: 11204

Shape Climber

Available for 3′ to 5′ Deck Heights
Model: 12100

S-Loop Climber

Available for 2′ to 6′ Deck Heights
Model: 11175

Totem Climber

Available for 2′ to 6′ Deck Heights
Model: 11110FT

Sliding Pole

Available for 2′ to 6′ Deck Heights
Model: 11113

Climbers

Keep children engaged longer by adding various climbers to your play structure.
Our unique climbers go above and beyond to engage various targeted muscle groups.

Canyon Climber

Available for 2′ to 6′ Deck Heights

Zipper Climber

Available for 3′ to 6′ Deck Heights
Model: 11224

Bi-Lateral Totem Climber

Available for 2′ to 6′ Deck Heights
Model: 11109TT

Bi-Pedal Climber

Available for 4′ Deck Heights
Model: 11205

Bubble Ladder Climber

Available for 4′ and 6′ Deck Heights

Chain Link Climber

Available for 5′ Deck Heights
Model: 11223

Chain Wall Climber

Available for 4′ to 6′ Deck Heights
Model: 11120TT

Education Climber

Available for 4′ and 5′ Deck Heights
Model: 11226

Bedrock Climber

Available for 4′ Deck Heights
Model: 11221

Climbers and Overhead Ladders

Each of our numerous overhead ladders present unique upper body challenges. These events are designed for children aged 5–12 and have a steel construction with FRP posts.

Vertical Rung Ladder Climber

Available for 2′ to 6′ Deck Heights
Model: 11183

Ladder Panel Climber

Available for
2′ to 6′ Deck Heights
Model: 12103

Also Available:
Shape Panel Climber

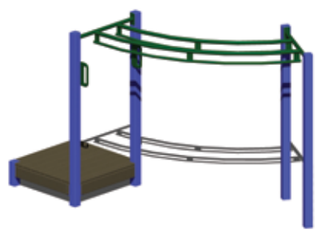
Oblique Climber

Available for 2′ to 6′ Deck Heights
Model: 11111

Curved Overhead Ladder

Available in 8’ or 10’ Length

Curved Overhead Rails



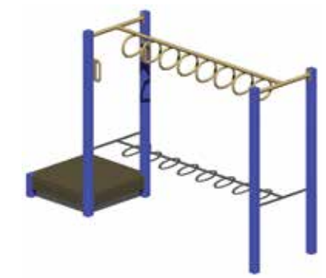
Available in 8’ or 10’ Length

90° Overhead Ladder

Available in 8’ or 10’ Length

360° Overhead Ladder

D-Loop Ladder



Available in 8’ or 10’ Length

Chatter Ladder

Available in 8’ Length

Overhead Ladders

Each of our numerous overhead ladders present unique upper body challenges. These events are designed for children aged 5–12 and have a steel construction with FRP posts.

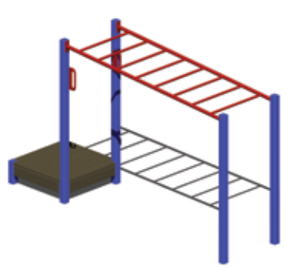
Dual Overhead Rails

Available in 8’ or 10’ Length

Ladder Rail Combo

Available in 8’ Length

Overhead Ladder



Available in 8’ or 10’ Length

Track Glide

Available in 10’ Length

Trapeze Rings

Available in 8’ or 10’ Length

Offset D-Loop

Available in 8’ Length

Zig-Zag Overhead Ladder

Available in 8’ or 10’ Length

D-Loop Overhead Ladder

Available in 8’ Length

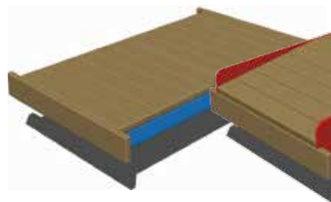
Dual Balance Chains

Available in 8’ Length

Connectors

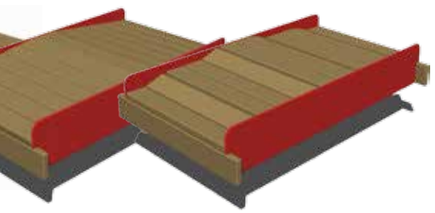
Connectors between decks provide new play experiences and create much needed space between decks and the climbers on them.

Flat Bridge or Ramp



Available in 6’, 8’, 10’, or 12’ Lengths

Arch Bridge



Available in 6’, 8’, or 10’ Lengths

Wave Bridge

Available in 6’, 8’, or 10’ Lengths

Steps

Available in 2 to 5 Steps
Available with Poly or Metal Handrails

Clatter Bridge

Available in 6’ and 8’ Lengths

Fixed Lily Pad Bridge

Available in 5’ and 7’ Lengths

Suspended Lily Pad Bridge

Available in 5’ and 7’ Lengths

Curved Crawl Tube

Available from 30° to 180°

Zig-Zag Crawl Tube

Available in Left or Right

Straight Crawl Tube

Available in 3’ to 8’ Lengths

Wavy Crawl Tube

Available in 3’ to 8’ Lengths

GFP Fact

Most of our standard bridges and ramps allow us to connect decks of differing heights.

Panels

Not only do panels add interesting elements to your play structure, they promote learning outside the classroom. All panels are made from ¾" HDPE panel unless noted.

How to Choose Surfacing that is Right for You

Since safety is our first concern, we recommend choosing from the surface materials below, which have proven track records — not just at the time of installation but over several years and conditions.

1

Loose Fill Rubber Mulch

Low maintenance
Softer alternative to wood mulch
Creates a pliable, resilient surface
Discourages mold, mildew, and insects
ADA compliant

2

Poured In Place (PIP)

Low maintenance and durable
Best wheelchair access
Ability to add graphics

3

Rubber Tiles

Low maintenance
Best wheelchair access
Available in various thicknesses
Will not mold or mildew

4

Engineered Wood Fiber

Initially most economical
ADA compliant

5

Non-Infill Turf

Highly Durable
Great for critical fall heights
ADA Compliant

Rubber surfacing products we offer do not contain containments harmful to children.

E

Playground Surfacing

A. Loose Fill Recycled Rubber Mulch
Drainage base recommended
Many colors available

B. Poured In Place (PIP)
Many colors available

C. Rubber Tiles
Available in 2’ x 2’ squares
Available in a variety of thicknesses

Rubber Tiles Thickness Guide

Thickness of Tile	Fall Height
2 ¼”	4’
2 ¾”	6’
3 ¼”	8’
3 ¾”	10’

Many colors available

D. Engineered Wood Fiber
Drainage base recommended
Locally sourced, actual content varies

E. Non-Infill Turf
Both of our non-infill turf products meet ASTM F1292 for critical fall heights and ASTM F1951 for wheelchair accessibility

KinderPlay™
Great for critical fall heights up to 9.5’
Produced with highly durable nylon yarn and tufting system

Cool Grass™
Great for critical fall heights up to 6’

Timbers & ADA Ramps

Our durable and easy-to-install timbers, which are made from HDPE plastic, are designed to keep loose-fill surfacing in its place. Need to meet ADA compliances? We're here to help! Our ADA access ramps are fabricated with the same quality HDPE plastic as our timbers.

A. 4' Reversible Rock/Stone Landscape Timber

Model: RLT
8" height
Minimum loose fill surfacing depth 9"
Uses "BLTH" Timber Stake

B. 12" Landscape Timber and Border Cap

Our 12" Landscape Timber is available in a 4' and 6' length. The custom color option allows you to choose from our selection of roto-molded plastic colors. These timbers use the "LTH" Timber Stake. The 4' and 6' kit options include one and two stakes, respectively.

	Description	Item Number
	Black Landscape Timber	LT-4
	Custom Color Landscape Timber	LT-4XX
4'	Black Landscape Timber Kit	90022004XX
	Black Landscape Timber	LT-6
	Custom Color Landscape Timber	LT-46XX
6'	Black Landscape Timber Kit	90022006XX
	NEW! Border End Cap for LT-4 and LT-6	BMP-0002XX

C. Timber Stakes

30" Timber Stake
Model: LTH

24" Timber Stake
Model: BLTH

D. Standard Landscape Timber

Built on site and shaped to match your playground's perimeter
Optional TREX® cap available

E. NEW! ADA Accessible Ramp System

Our ADA Ramp Systems, made from roto-molded plastic, allow for easier transitions into your timber-bordered play environment. These systems are designed for timbers that are 12" high.

Full System
Model: TFR0592XX
Dimensions: 120" x 43"
Includes: full ramp, 12 stakes, and 2 end caps

Half System
Model: TFR0591XX
Dimensions: 60" x 43"
Includes: half ramp, 6 stakes, and 2 end caps

Playground Inspection Checklist

When was the last time you checked your playground to ensure it meets safety guidelines? Make a copy of this inspection checklist and inspect your playground on a routine basis.

		Date Checked	Repair Needed	Date Repaired	Notes
1	Is there an 8" to 10" deep resilient ground cover (sand, wood fiber, turf, or poured rubber) under all play equipment such as swings, slides, and climbing equipment? Is the resilient surface compacted or out of place?				
2	Do foreign objects or obstructions exist in the fall zones under and around the fixed equipment?				
3	Do obstructions interfere with normal play activity?				
4	Do climbing areas allow children to fall more than their reaching height when standing erect?				
5	Do concrete supports stick above ground? Are they secure?				
6	Are there sharp edges, broken parts, pinching actions, or loose bolts?				
7	Are there openings that could trap a child's hand?				
8	Are there frayed cables, worn ropes, open hooks, or chains that could pinch?				
9	Are portable toys such as tricycles and wagons in good repair?				
10	Are there protrusions that can catch clothing?				
11	Are there crush points or shearing actions such as hinges or seesaws and undercarriages of revolving equipment?				
12	Are swing seats excessively heavy? Do they have protruding parts such as animal noses or legs?				
13	Is the fence at least 4' high and in good repair? Can gates be secured?				
14	Are there electrical hazards on the playground such as accessible air conditioners, switch boxes, or power lines?				
15	Are collections of contaminated water on the playground?				
16	Are toxic materials on the playground?				
17	Do grass, trees, and shrubs need care?				
18	Do children wear inappropriate clothing such as capes on climbing equipment and moving equipment?				
19	Does the adult-to-child supervision ratio equal ratios required for indoor activity?				

Checklist developed by Georgia Department of Early Care and Learning.

We Make it Easy to Buy and Bid

Grounds For Play makes it easy to buy and bid by having a nationwide team of Design Consultants and by having contracts with the following organizations.

FOR GOVERNMENT ENTITIES

The federal government's GSA Advantage gives state and local government access to millions of commercial products and services available through pre-negotiated contracts. State and local governments can take advantage of this system to save time and reduce overall costs on the supplies and services they need. Grounds For Play offers over 2,200 products on our Federal Supply Schedule.

BuyBoard is an online purchasing cooperative that gives its members best pricing on products, equipment, and services that they use everyday. Members save time and resources because the competitive procurement process has already been completed. BuyBoard's nationwide members include those in public schools, municipalities, county government, and all types of local government agencies and non-profits.

Formerly The Cooperative Purchasing Network (TCPN)

The National Intergovernmental Purchasing Alliance (National IPA) teams with top-notch partners like us to create more economical buying opportunities through their competitive contracts. Public agencies and government entities, such as state, city, county, and public universities or school districts can register.

Interlocal Purchasing System

The Interlocal Purchasing System (TIPS), governed by the Region 8 ESC Board of Directors in Texas, is available for use by all public and private schools, colleges, universities, cities, counties, and other government entities in the state of Texas. However, other states may use this purchasing system if their purchase meets individual state purchasing laws, rules, and regulations. Awarded vendors, like Grounds For Play, have agreed to provide the best pricing, terms, and conditions available to TIPS members. Membership is free. Visit tips-usa.com to learn how to become a member.

FOR BUSINESSES

Marlin Equipment Finance is a direct lender providing financing to small and mid-size businesses so they can acquire new equipment and technology while preserving capital. Their customers include equipment dealers, manufacturers, distributors, and small business establishments.

STATE-SPECIFIC OPPORTUNITIES

Oregon's DAS Procurement Services

Oregon's Department of Administrative Services operates a procurement service marketplace for state agencies and local government entities.

Texas' Educational Purchasing Interlocal Cooperative

Texas' Educational Purchasing Interlocal Cooperative at Region 6 (EPIC6) holds contracts with suppliers just like us whose products have been competitively bid and awarded, meeting all current procurement laws and regulations. This cooperative features a no cost membership and is open to all K-12 school districts, colleges and universities, cities and municipalities, counties, state agencies, private schools, and charter schools in the state of Texas.

North Carolina's E-Procurement Services

NC E-Procurement allows government entities to aggregate their purchases to obtain better prices from suppliers just like us! Any state or university system, city, town, county, community college, or local education authority in North Carolina can register.

FOR EVERYONE

Design Consultant

You can find a GFP Design Consultant in almost every state! Our Design Consultants have extensive knowledge and training in all products. Find your closest representative by visiting groundsforplay.com and clicking "Contact a Rep."

Ask your Design Consultant about our state-by-state Grant and Stimulus Resource Guide and our Partnerships For Play fundraising program!

Client List

Our client list ranges from The Pentagon in Virgina to Naval Base San Diego. While the list below doesn't include all 14,500+ clients, we've hand-picked a few to show you how our expertise is applied in a variety of markets.

Warranty

Grounds For Play, Inc. (GFP) warrants that its product will be free from defects in materials and workmanship as well as maintain structural integrity for the periods listed below from the date of invoice and once GFP has been paid in full. This warranty is in effect only if the product has been assembled and installed strictly in accordance with the setup instructions provided by GFP, good construction practices, and has been subjected only to normal use and exposure.

- Lifetime* Warranty on playground steel and Fiberglass Reinforced Plastic (FRP) posts, all stainless steel hardware, c-line fittings, and aluminum post caps
- 15-Year Limited Warranty on playground pipes, rungs, loops and rails, roto-molded plastics, HDPE plastic sheets, punched steel decks, and TREX® decking
- 10-Year Limited Warranty on Shade Fabric
- 5-Year limited Warranty on Site Amenities, cables, and nets
- 1-Year Limited warranty on moving parts and materials not covered above

The Limited Warranty excludes abnormal conditions, contingent liability, cosmetic defects such as scratches, dents, marring, stripping, peeling, or fading; damage due to incorrect installation, vandalism, misuse, accident wear and tear from normal use; exposure to extreme weather, immersion in salt or chlorine water, damage due to sand, salt spray, or other abrasive and corrosive material; unauthorized repair or modification, abnormal use, or lack of maintenance. The warranty does not cover damages due to "acts of God" such as hail, flooding, lightning, tornadoes, sand storms, shifts of terrain, earthquakes, mudslides, and windstorms.

If product has shade fabric and installed in an area exposed to hurricanes, removal of the shade fabric is required when a hurricane warning is issued.

In the unlikely event of failure, GFP reserves the right to alter the design, color, or contributing factors to rectify the condition and help prevent any future reoccurrence(s). GFP has the option to repair or replace any defect in materials.

The warranty is void if any changes, modifications, additions, or attachments are made to the product without the written consent of the manufacturer.

GFP excludes any implied warranty of merchantability, fitness, or purpose, and there are no warranties which extend beyond the description of the face hereof. Under no circumstances will GFP be responsible for any indirect, special, consequential, incidental, or liquidated damages due to breach of warranty and such damages are specifically excluded from the warranty.

The owner shall notify GFP with original Sales Order Number issued from GFP to arrange for an inspection within 30 days after discovery of any defect under this warranty and before any alteration or repair is made or attempted. This Limited Warranty shall be null and void if the owner makes any alterations in design.

This warranty is the only express warranty given by the company. No person has authority to change or add to these obligations and liabilities. The company reserves the right to determine whether the fault is caused by faulty workmanship, material, or the part that is defective.

Nature Products
Our natural products come with a 1-year Limited warranty against manufacturer defects only. Nature materials and products are subject to weathering, cracking, checking, splintering, and insects, which are not covered underneath the warranty. Due to the sourcing of natural product, GFP cannot guarantee sizes or shapes to be uniform.

Powder Coat
Grounds For Play offers a 5-year Limited Warranty for powder coating to the original purchaser. This Limited Warranty is for factory applied finish only. Damage occurring from shipping, erection, vandalism, accidents, or field modification is not covered in this limited warranty and will require field touch-up immediately and periodically thereafter. The owner must report any defect in powder coat at the time the installation is completed. Not covered by this Limited Warranty are acute angles, welds, and end plates.

The Limited Warranty for powder coating provides the following after a 5-year exposure period when applied according to the recommendations listed on the product's technical data sheet and appropriate surface preparation has been utilized.

- The coatings shall retain their original color with a ΔE of <7.5 units for high chroma colors, (Yellows, Reds, Oranges, ETC.) and a ΔE of<5.0 units for low chroma colors, when tested in accordance with ASTM D 2244.
- The coating shall retain a minimum of 50 percent of its original glass level after washing, when tested in accordance with ASTM D 523.
- The coating shall exhibit chalking no worse than numerical rating of 6, when evaluated in accordance with ASTM D 659-80.

Cancellation, Return, and Shipping Policy
To view our return policy, please visit groundsforplay.com/returns. To view our shipping policy, please visit groundsforplay.com.com/shipping. For information on Return Material Authorizations or any other additional information, please call 1.800.552.7529.

**For the purpose of this warranty, lifetime encompasses no specific term of years, but rather that seller warrants to its original customer for as long as the original customer owns the product and uses the product for its intended purpose that the product and all parts will be free from defects in materials and manufacturing workmanship. This warranty does not cover damage caused by vandalism, misuse or abuse, altered or modified parts, or cosmetic damage such as scratches, dents, or fading or weathering and normal wear and tear. This warranty is valid only if the structures are installed in conformity with instructions provided by Grounds For Play using approved Grounds For Play parts. Grounds For Play will deliver the repaired or replacement part or parts to the site free of charge, but will not be responsible for labor or the labor costs of replacement. Warranty claims must be filed within the applicable warranty period and accompanied by a sales order or invoice number.*

We meet or exceed industry standards.

Our products meet or exceed the standards set forth by the organizations below. In addition to ensuring our products are safe by industry standards, we have developed our own stringent internal standards.

International Play Equipment Manufacturers Association™
In the interest of playground safety, the International Play Equipment Manufacturers Association (IPEMA™) provides a third-party certification service whereby a designated independent laboratory, TÜV SÜD America Inc., (TÜV), validates an equipment manufacturer's certification of conformance to the standards below.

- ASTM F1487-11, excluding sections 7.1.1, 10 and 12.6.1: Standard Consumer Safety Performance Specification for Playground Equipment for Public Use
- CAN/CSA-Z614-14, excluding clauses 9.8, 10, and 11: Children's Playspaces and Equipment

A list of current validated products may be viewed on their website at www.ipema.org. Grounds For Play is a member of this organization.

American Society for Testing and Materials
The American Society for Testing and Materials (ASTM) is an independent and world renowned developer of technical standards utilized in testing a multitude of products. ASTM developed F1487 Standard Consumer Safety Performance Specifications for Playground Equipment for Public Use. The current standard is F1487-11, published in 2011.

U.S. Consumer Product Safety Commission
The U.S. Consumer Product Safety Commission (CPSC) presents safety guidelines through the publication of their Public Playground Safety Handbook. This handbook promotes greater safety awareness among those who purchase, install, and maintain public playground equipment. The handbook can be viewed on the CPSC's website, cpsc.gov.

United States Access Board
The U.S. Access Board is a federal agency that promotes equality for people with disabilities. They've developed guidelines and standards for built environments, such as playgrounds.
