

PREMIER SITE FURNITURE

2018 Product Catalog

Who is Premier Site Furniture

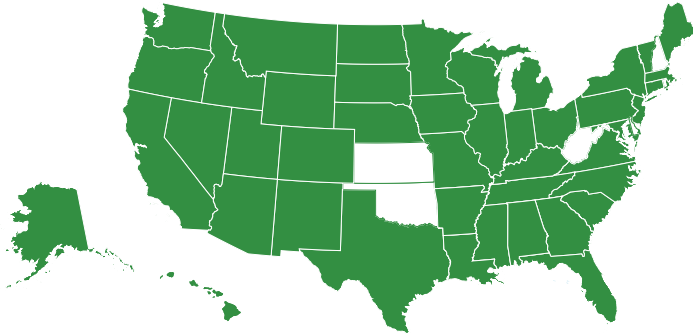

Launched into national recognition as a leader in creative site furnishing products, Premier Site Furniture began in 2005, in Rexburg, Idaho. The recognition came as a result of streamlined fabrication processes that eliminated waste, and produced a more beautiful, longer-lasting product. The site furnishings market was long overdue for an overhaul, and Premier Site Furniture is leading the way with our advanced design, production, and service.

Our Guarantee

We guarantee all our products for a period of five years after the date of invoice. We are committed to providing high quality products, and take pride in manufacturing products, **made in the USA**, that not only last the tests of time, but will maintain an aesthetic appeal for years to come.

In consideration of the environment, all of our products are developed sustainably from steel that is made from over 70% of post/preconsumer recycled material, and protected with a non-VOC emitting powder coat.

“

I love the way that the benches look. I love that the logo on the benches is very clear. The benches look great with the powder coating; I know that there's not going to be rusting, and that future maintenance is going to be great on those. We just love them!

Danica Wade, Manager
The Residences at The District

”

Benches

Mountain Maple

The Mountain Maple bench is close to our heart as it was the first standard product we manufactured at Premier Site Furniture. Engineered to withstand the tests of time, our Mountain Maple features standard solid steel construction, full seam welds, a singular piece design, and is protected by our 'rust-resistant feet.'

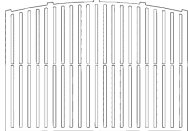

This bench is available in multiple lengths.

Nothing gives identity and ownership like putting your name on your product. Send us your logo or have our team of experts help you design one. Make this product yours.

Laser Cut Customizable Logo

Our products are sandblasted to a white finish, then epoxy primed and powder coated in your choice of durable powder coating. Your new product will retain its color and withstand against years of use.

Epoxy Primer & Powder Coat

By eliminating chances corrosion at its source, our rust-resistant feet protect your investment from the ground up.

Rust-Resistant Feet

Features

Non-Tip Legs

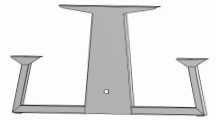

One-Piece Construction

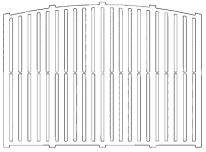

Pivot Locking Base

Our tables will not tip. We engineered our picnic table legs to ensure that no matter how much weight is placed on a single side, they won't tip.

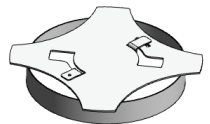

Non-Tip Legs™

One Piece Construction

We have eliminated overlapping material and unnecessary welds by utilizing a one-piece construction to provide you with a stronger, and more durable product.

Our pivot-lock base system makes installation and maintenance a breeze by anchoring your receptacle securely to your mounting surface.

Pivot-Lock Base™
